Centre International de Mathématiques Pures et Appliquées
International Centre for Pure and Applied Mathematics

Real Analysis and its Applications
May 26-June 6, 2008
Cordoba, Argentina

Resurgence, analytic difference-or-differential equations and foliations
July 14-25, 2008
Lima, Peru

Riemannian Geometry, pseudo-Riemannian Geometry and Mathematical Physics
May 19-30, 2008
Marrakech, Morocco

Representation Theory of Algebras
June 15-25, 2008
Teheran, Iran

CIMPA

Mathematical models for water flows and water refining
May 10-22, 2008
Tlemcen, Algeria

Codes over Rings
August 18-29, 2008
Ankara, Turkey

Mathematical and Computer oriented Methods for Landscape Modelling
September 15-30, 2008
Fianarantsoa, Madagascar

Nonlinear analysis and Geometric PDE
June 15-24, 2008
Tsaghkadzor, Armenia

Commutative Algebra
January 2-6, 2008
Mumbai, India

Discrete and Computational Geometry
