

Mathematics for Signals, Images and Structured Data

January 25th to
February 26th 2021

Thematic month, CIRM
Marseille, France

<https://conferences.cirm.math.fr/2331.html>

Research School

Jan 25-29 Mathematics, signal processing and learning

Conferences

- Feb 1-5 Harmonic analysis, multiscale representations and application to large-scale data
- Feb 8-12 Statistical analysis of images and their derived objects
- Feb 15-19 Mathematics for audio and music signal processing
- Feb 22-26 (Bio)-medical imaging, neuro-imaging and related signals
